## EXPERIENCE

### Front-end Developer Intern

#### CSRBOX

📅 June 2023 – July 2023

- Designed and launched a modern, responsive website which enhanced user engagement, resulting in a 50 percentage increase in average session duration and a 25 percentage decrease in bounce rate.
- Languages and frameworks use HTML, CSS, JavaScript, and Bootstrap.

### Front End Developer Intern

#### RnPsoft PRIVATE LIMITED

📅 Sep 2024 – Dec 2024

- During my internship at RnPsoft Private Limited, I contributed to real-time projects by designing and developing front-end pages with a focus on user experience and responsive design.
- This role allowed me to apply my technical skills in HTML, CSS, JavaScript, and React JS to deliver high-quality solutions aligned with project requirements.

## PROJECTS

### Restaurant Website

#### php, html, css, bootstrap, jquery

📅 November 2023 – February 2024

- Designed a comprehensive user interface for managing blog visibility, which facilitated seamless navigation for over 3,000 users and contributed to a 20 Percentage growth in content consumption metrics within the first quarter.
- [Live site here](#)

### Portfolio

#### html, css, bootstrap, javascript

📅 April 2023 – June 2023

- User can view my profile & and recognise accordingly. It contains all my projects and showcases my skills & experience.
- Deployed it live on the LinkedIn Profile Page and hosted on the Github Page.
- [Live site here](#)

### MULTi Criteria Decison Making

#### python, topsis, ahp, sql

📅 September 2024

- Working on this project to provide the solution in the best preference ranking i.e., recognised in the multiple criteria text basis sentences on that.
- [Live Source Code](#)
